DETAILED ACTION

Allowable Subject Matter

1. Claims 11 and 17-21 are allowed.

The following is an examiner's statement of reasons for allowance: As the claims were read and interpreted in light of the specification, the prior art of record fails to specifically disclose or render obvious a three-dimensional mounted assembly comprising a molded body, a plurality of electronic parts and interconnections sealed to the body, and in particular, where the interconnections has a first exposed end facing outside and on the same first plane of the molded body and a second exposed end facing outside the molded body, on the second plane of the molded body of a different side, not extending beyond the plane. The Chun et al. (U.S. Patent No. 5,522,202), Schenfeld (U.S. Patent No. 6,034,821), and Jacobowitz et al. (U.S. Patent No. 5,337,388) references fail these particular limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
